

Closure of Goring Little Fishes Preschool

Statement from the Trustees

It is with great sadness that we inform you that the Trustees of Goring Little Fishes Preschool have passed a resolution to dissolve the Charity as it currently stands: Close of business date, end of Term 1, 19th December 2025.

There are several reasons for this, including, but not limited to, the liabilities and risks that we, the Trustees, are facing in the current climate; Goring Little Fishes Preschool were long term forecast to become insolvent if we carry on. The Trustees believe that it is far better for all, that we close whilst we remain solvent. We chose to closing sooner, rather than waiting until we become insolvent with the intention that the all the staff would get their redundancy and severance pay giving them a buffer and time to search for new jobs ready for the next school year. They have all been amazing over the years and we really wanted to support them through this heart breaking time of closure.

We had hopes that a new and rebranded pre-school would start-up in this place, to give parents a seamless transition, here on the site at Goring United Reformed Church, maybe even one that was set up and run by some of the current staff, but this now looks very unlikely.

Please accept our best wishes for whatever your future may hold.

Kind Regards,

The GLF Board of Trustees
